OBJECTIVE

My main objective is to make a living out of the incredible game of rugby .Coming from a family that is not financially stable I saw rugby as an opportunity to change the situation that my family is in. I am hard working and willing to push myself to the limit everyday , because I know how privileged I am to have an opportunity to use my talent to better my life and living condition . I play rugby with so much passion and desires because I love the sport and the values it teaches that I apply in my everyday life .
